Some say that being Club President is the best job in Rotary. Whether it's your first time or if you have served as Club President in the past the experience is a memorable one. As Club President, you will be the "key". The key who leads the club's activities, projects, grants, membership etc. Even though it sounds a bit daunting, the opportunity to create a lasting effect on your community and in places around the world is a special one. Your year will be one where you will lead while enjoying fellowship and having fun. It's been said that "If it's not FUN, it's not Rotary".
